For a list of definitions and activities that may trigger or are expected from reporting obligations, see “Definitions, Exceptions and Examples.”

PLEASE NOTE:

¹ In addition to including payments made explicitly in support of lobbying by other organizations such as professional societies or associations, please consult with those organizations to determine whether a share of dues paid on Duke’s or an individual’s behalf should be allocated to lobbying.

² Expenses for direct lobbying on Duke’s behalf should be reported here, such as payments to outside lobbyists or lobbying firms.
c. **Description of lobbying activities.** In addition to supplying the effort and financial data above, please provide a statement giving a detailed description of the lobbying activities reported. For example, a description should be supplied if you or individuals in your department attempt to influence legislation through (i) meetings, calling or sending letters or publications to government officials, legislators or the general public or (ii) placing advertisements, issuing press releases, or holding news conferences.
II. Federal Gifts and Travel Reporting (Lobbying Disclosure Act)

a. Gifts. Duke employees and contractors are generally prohibited from providing gifts (including meals and entertainment, tickets to sporting events, or any Duke memorabilia) to Members of Congress, covered executive branch officials or their staff. The following questions solicit information on gifts and other activities falling within the exceptions to this prohibition for required reporting purposes.

1) Have you or your department paid an admission fee, food costs (all or a portion), for a Member of Congress, congressional staff or executive branch official to attend an event? If so, please provide details of the event and an itemized list of all expenses paid for by Duke. In addition to items above, please indicate if the event was “open” or by invitation only and the number of individuals in attendance.

2) Have you or your department paid all or a portion of the admission cost for a member of Congress, congressional staff or executive branch official to attend a “charity event”? If so, please provide details of the charitable event and an itemized list of all expenses paid for by Duke.
b. Travel. The federal congressional ethics rules permit Duke to request, organize, and arrange for members of Congress, staff and executive branch officials to travel to Duke as long as the purpose of the trip is related to the member’s official duties. If you have organized, requested or arranged for such travel to Duke, please provide details of the travel including its purpose and the costs associated with the trip, paid by Duke.
III. North Carolina Gift Reporting (State Lobbying and Ethics Acts)

Duke’s employed or engaged lobbyists, employees and contractors are generally prohibited from providing gifts, including meals and entertainment, tickets to sporting events, or any Duke memorabilia to members of the North Carolina General Assembly and their staff, and certain other “covered state officials.” The following questions solicit information on gifts and other activities falling within the exceptions to this prohibition for required reporting purposes. If the provided space is insufficient, please fax additional information to 919-668-3104.

1) Have you invited a member of the North Carolina General Assembly, their staff, or a covered state official to attend an “open meeting” or an “invited gathering” and paid all or a portion of the costs associated with the event, including food costs? If so, please provide details of the event, including a list of attendees and an itemized list of all expenses paid for by Duke.

2) Have you paid for or reimbursed all or a portion of the expenses (food, beverage, registration, travel, lodging, entertainment, etc.) of a member of the North Carolina General Assembly, their staff, or a covered state official to participate in an educational meeting or panel presentation? If so, please provide details of the event, including a list of attendees and an itemized list of all expenses paid for by Duke.
3) Have you participated in a one-on-one meeting with a member of the North Carolina General Assembly, their staff, or a covered state official? If so, please provide details of the meeting and a list of all the participants and any expenses paid for by Duke.

4) Have you reimbursed or paid for all or a portion of the expenses (food beverage, transportation) of a member of the North Carolina General Assembly, their staff, or a covered state official to participate in an “officer/director/advisory/board member meeting” or event? If so, please provide details of the event, including a list of attendees and an itemized list of all expenses paid for by Duke.
